Welcome

On behalf of the Lazy MC and SSS crews we would like to invite you on Saturday, October 27 to attend the "Cow Girls" Sale.

We have an outstanding set of Red Angus cattle for sale. Heifer calves that represent some of the newest exciting

genetics available. Bred heifers from the top of our programs backed by years of foundation cow families, carrying service to breed leading calving ease sires; cows and donors that have earned their way to the top of our herds backed by unequaled production.

At Lazy MC and SSS, our primary focus has been on herd improvement for the commercial cattleman who produce cattle for the real world. We have achieved this by using all the available technologies within the industry to evaluate the genetic value of our cattle. We are proud to offer these genetics to our fellow seed stock producers. In addition to the purebred lots, we are pleased to showcase commercial Angus influence females from our highly valued customers, featured in the rear of this catalog.

Presently we are enjoying truly exciting times in the cattle industry. Prices received by ranchers have risen this fall with all the indicators predicting that trend to continue through the next few years. Record low cattle numbers coupled with the increased foreign demand have affected the industry's ability to retain replacement heifers. Owning young genetically advanced cattle will be the best way not only to advance your seed stock program, but to guarantee the ability to capitalize on the positive market trends.

We would like to extend a special invitation to our Junior Angus Breeders. We are offering a 10% discount on any heifer calf purchased from our sale. Details can be found in the back of the catalogue. We are excited to support the Junior Breeder through this program; our juniors are the key to the breeds' future success.

If you have any questions please feel free to give us a call. We would be happy to discuss the sale offering with you. Thank you in advance for your support and interest in our programs.

Regards,

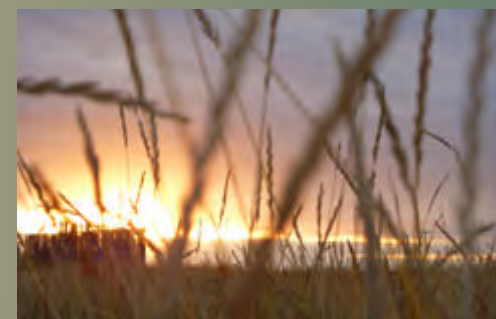

The Sibbald & Morasch Families

This dark red, long bodied, meat wagon was our \$24,000 second high selling bull in 2011, he ranks in the top 5% for both REA and IMF. His first progeny have impressed us this summer, he is siring extra length and muscle with many of his calves among the heaviest at SSS this fall. Watch for his sons this next spring at our 40th Annual Bull Sale, March 20, 2013. Due to an untimely death and a limited amount of semen, Trapper progeny will become increasingly valuable, best to buy early.
