CowGirls fall female sale

Saturday, October 25, 2014 | 2:00pm | Calgary, Alberta, Canada

Dear Cattlemen,

It is exciting to be associated with the CowGirls fall female sale, Triple S Red Angus and Lazy MC Angus. As you will see, this is one of the very best sets of Red Angus genetics ever assembled for sale. Both firms have created genetics that have been

spread throughout the globe. Many firms in North America have been founded or advanced through selections from these great herds.

The enthusiasm and focused perfection from the Sibbald family at Triple S Red Angus is evident in everything they do; from business, hospitality, farming and raising great Red Angus seedstock. They do it the right way from start to finish. Their cattle offering in the CowGirls sale is an amazing group. Under the

watchful eye of Dave, Mary Beth and Dylan, the herd improves and perfects each and every day.

Clint, Angela, Laurie and Layne at Lazy MC have become known on several continents for their genetic program reining in countless national champions in Canada and the United States. The genetics that carry the Lazy MC brand of excellence is in demand everywhere.

The cattle that sells as lots 1 through 65 represent a portion of the breed's future leaders. The breeding cattle offered by these two seedstock operations are truly spectacular.

Come see them first hand on October 25!

Let me know how I can help you.

Sincerely,

KK Seedstock Consultants & Specialized Sales • Keith Kissee, Richmond, VA • 804.353.2220

Welcome to the fourth annual Cowgirls sale

On behalf of the Triple S and Lazy MC families, we would like to invite you to attend the fourth annual 'Cowgirls' sale on Saturday, October 25, 2014.

It is an extremely exciting time to be a cattle producer! With all time highs in the commercial cattle sector, it helps confirm our focus. At Triple S and Lazy MC, our focus has always been on herd improvement for the commercial cattleman. We use a moderate, trait-balanced approach, using all of the technologies within the industry to evaluate the genetic merit of our cattle.

As you look through the catalog you will see a unique and valuable grouping of Red Angus seedstock. The entire set of heifer calves, bred heifers, donor cows, bulls, embryos and semen offered, truly showcase our programs.

In addition to the purebred lots, we are showcasing commercial Angus influence females from some of

our highly valued customers. They are featured in this catalog, along with a select group of long yearling bulls, an exciting addition to this year's event!

As a special invitation to our Junior Angus breeders we are offering a 10% discount on any heifer purchased in our sale. Details are found at the back of this catalog.

If you need anymore information please contact us or any of the sale representatives. We enjoy discussing the sale offering with you.

Thank you in advance for your support and interest in our programs. We look forward to being your hosts and can't wait to present the 'Cowgirls' offering to you!

Regards,

The Sibbald and Morasch Families
