Not often can you find this kind of quality that is enhanced by a fresh pedigree - 636A does this. Her sire, Fritz Cancun is a total outcross to our program that was purchased in the spring of 2013 from Fritz Red Angus, MT. Cancun continues to sire low birth, dark red, sound, moderate growth calves. Her dam, 164Y is a top notch Soldier daughter that has a bull calf at side this year that has pushed the scale down. Watch for him this spring in our bull pen.

 RED SSS TARA 642T

Al'd May 5, 2014 to Red Six Mile End Game 630A, then exposed May 29 - July 17 to Captain 206Z.

This Crossfire heifer from our "Tara" cow family is designed to produce. She may not be the prettiest in the pen but she could have as much maternal power backing her as any female in the offering. Her dam, grand dam and great grand dam are all still here at Triple S. Her great grand dam, 184R entered our donor program last year and we are expecting over 10 calves this coming spring. Crossfire was the lot 2 bull in Pieper's 2012 bull sale. He has brought a new pedigree, depth and structure along with a balanced EPD profile.

 RED LAZY MC DIVIDE 8J
RED LAZY MC VANNA 15P
 RED LAZY MC VANNA 58J

Exposed April 23 - July 20 to A1 Lazy MC Century 5322.

The females from our Vanna cow family have really produced, including daughters working at Barenthsen/Bullinger Red Angus, ND; U2 Ranch, AB; and Donnie Ivey, TX. 191A will be no exception! She is a long sided, top performing Tradesman daughter. Her maternal grandsire, Red Lazy MC Divide 8J is a past Red Roundup high seller to TerRon Farms, and has gone on to become an elite sire in our Canadian Angus Association.
