This broody Twitch daughter is one to buy. She is unsurpassed for depth while maintaining a profile that makes her the "front pasture" kind. Twitch daughters have impressed this summer with their ability to maintain their easy fleshing ability while raising a strong set of calves. Her outcross dam by Equation has production record averages of WW 102 YW 114. The Grand Dam, 684P sold to Wild Cat in December of 2010.

We wanted to feature a young cow and 89U was our choice. She is the dam to Red Lazy MC Diona 82Y, our \$8750, 2011 Red Roundup top seller to Nissen Corey A Reds, OR.. She went on to be Junior calf champion at 2011 Agribition and class winner at 2012 US National Show, Denver. Our Direct Design daughters have really produced. 68U & 84U, both 3/4 sisters to 89U are dams to the \$10,000 and 2012 US National Champion bull, Red Lazy MC Eye Spy 64Y, and the \$16,200 Red Lazy MC Lookout 153X. 89U will make a great donor, with an excellent udder and outcross pedigree. She is carrying a heifer calf by 10Y, a Duff's New Attraction son out of 78N (dam of Red Lazy MC Stout 30S)

# Pick of Herd Bull Calves

## 37

We are extremely excited to offer this lot. With the success of 'Trooper' in last year's event we thought it was fitting to let you be the judge this year. Our 2012 calf crop includes some great individuals from each of our sire groups including, Cowboy Cut, Soldier, Detour, Tradesman and the first Jackhammer calves available in Canada! The new buyer will have until February, 2013 to select a herd bull. Some of the bull calves will be shown at Agribition and Denver.

Our program has focused on a balanced design including calving ease, performance, fleshing ability, maternal strength and phenotype. Our black/red carrier influence offers outcross genetics with many dams out of elite sires including Red Lazy MC Divide 8J and Red Lazy MC Smash 41N. We feel confident in the direction our program is taking and always strive to improve every aspect of the herd, from carcass information to maternal ability. Once again, some of our best calves are out of first calf heifers.

Soldier is once again a feature in this sale. Last year, his first calf crop was extremely well received and are highlights once again, not only in this sale but in Red Roundup, Bet On Red and Las Rojas private treaty events. He has worked well at both SSS and Lazy MC and has done a great job of blending calving ease, performance and phenotype. He is a very well balanced sire with solid actual carcass data and EPD's. The 'Soldier' daughters averaged \$7000 and his first sons averaged \$9100 for both Lazy MC and SSS, including Red Lazy MC Trooper 21Y - last years high selling son to Lakeview Cattle, ID. Don't miss a chance to use this exclusive sire in 2013!

## RED PIE GAME ON 9109

IMP 9109W March 2.2009

BW 85lbs AdjWW 757 AdjYW 1442

**Selling two packages of 20 doses, buyer has the option to double down and take both packages.**

Game On has developed into one of the premier sires in the breed. His first sons averaged over \$8000 in our 2012 Bull Sale, this includes Poker Face 136Y bought by Tophams, Bread Out 114Y bought by Cockburn not to mention last years high selling heifer calf to Gary Peacock in Texas. 'Game On' has the foundation you can build on. His foot and leg structure would rank with the best in the industry. He is a free moving, athletic sire that is smooth shouldered, long bodied with beautiful neck extension. He has the extra top and hip shape the breed needs. We are very impressed with his first calves, they are born easy and grow. His phenotype is complimented by his balanced EPD's ranking him in the top 25% or better, on 9 of 11 traits monitored by the RAAA. He is a paternal brother to 'Code Red', the \$54,000 high selling bull at Piepers' 2010 spring bull sale. His donor dam at Piepers' has a MPPA of 103 with average ratios of 97 for birth, 104 WW, 104 YW, 108 IMF, 100 for REA. **Co-Owned with Pieper Red Angus , Nebraska**
